

# Helium-Neon Laser Heads

1100 Series

The Lumentum 1100 Series red helium-neon laser products offer low noise, high power stability, and long life for the most demanding applications. With more than 1.5 million units sold, Lumentum lasers are the industry standard for many advanced system designs.

Lumentum manufactures helium-neon lasers in the red, green, yellow, and orange wavelengths. All feature our patented close-cathode design that rapidly and uniformly distributes discharge heat throughout the laser, resulting in excellent thermal, beam-pointing, and power stability. Our patented field concentrator design ignites the discharge within milliseconds of applying the start voltage. Hard-sealed internal mirrors, small physical size, and low noise result in greater reliability, longer life, and enhanced performance.

All Lumentum helium-neon lasers are manufactured in a dedicated facility using state-of-the-art process control technology. This enables us to achieve higher process yields, and results in dependable lead times and excellent on-time delivery performance.

#### **Key Features**

- Long operating life
- Low noise
- Exceptional beam-pointing stability
- Long-term amplitude stability

#### **Applications**

- Flow cytometry
- Metrology
- Semiconductor inspection
- Alignment
- Laser-induced fluorescence
- Hematology
- High-speed printing

#### **Compliance**

- CE
- TUV
- UL
- CDRH registered

Current	3.5 A	7.5 A
Heater lead length	>5 inches	—

Note:  
Lumentum model 1103H laser heads are recommended for applications that require a frequency-stabilized HeNe laser source. The 1103H is filled with single-isotope Neon and equipped with a heating element which allows the user to control the length of the laser cavity.

**Ordering Information**

For more information on this or other products and their availability, please contact your local Lumentum account manager or Lumentum directly at customer.service@lumentum.com.

**Sample: 1122P**

Helium-Neon laser heads require a matched power supply for normal operation. When ordering, please select an appropriate power supply from the tables above.

**Warranty**

Lumentum helium-neon laser heads are warranted to be free of defects in workmanship and materials for twelve months from the date of shipment.

**Regulatory Compliance**

The products listed in this data sheet comply to one or more of the following regulatory standards, and may display one or more of the safety labels shown below. Contact your local Lumentum sales representative for additional information on specific products or configurations.
